**Applications available**  
**late April 2016**

The NHVR Transition Internship is designed to provide high school special education teachers, case managers, building coordinators, transition coordinators, 504 coordinators and other school district personnel with the opportunity to work closely with their local VR office and rehabilitation counselors.

The project is intended to provide interns with information about the VR program and process, adult agencies and services, employer needs, labor market information and disability legislation. Project highlights include:

- Sponsorship of up to 20 internship positions statewide
- Commitment from the intern to participate in program activities taking place during the 2016-17 school year (August through May)
- Learning modalities will include online modules and face to face meetings
- Spending time within the local VR office observing the rehabilitation counselors and connecting with resources within the community (30 hours)
- Applying practical knowledge through case study activity
